

JANATICS		PROJECT COST REPORT		Rec No	
				Date	
				Page No.	
Product No					
Product Name					
NPD No.					
Cost Break up			Amount in Rupees	Remarks	
1	Information Collections like				
	1.1	Visiting fairs			
	1.2	Purchase of books, periodicals, standards etc.			
	1.3	Samples purchase (Bench marked product)			
	1.4	Others			
2	Product Design				
	2.1	3D Modelling / Design calculations			
	2.2	Assembly / Sub assembly drawings			
	2.3	Parts drawings			
	2.4	Design verification			
	2.5	Simulation, analysis etc.			
	2.6	Others			
3	Concept test - Physical Model				
	3.1	Design verification, validation			
	3.2	Qty. to be manufactured			
	3.3	Others			
4	Prototype Testing				
	4.1	Development tools			
	4.2	Product Assembly fixtures			
	4.3	Prototype Manufacturing. Qty. ____ Nos (for Design verification / validation)			
	4.4	Product testing - Functional / others testing			
	4.5	Product testing - Reliability / Life testing			
	4.6	Others			
5	Product Testing & Measuring Equipment				
	5.1	Product Testing fixtures			
	5.2	Certifications			
6	Capital Equipment				
	6.1	Special Machineries			
	6.2	Others			
7	Significant Production Run / Pilot Batch Production				
	7.1	Process Capability study for tooled up components ____ Nos.			
	7.2	Process trials / Process Capability study for Machined components			
	7.3	Pilot lot - Assembly and Testing. Qty. ____ Nos.			
8	Production tooling				
	8.1	Moulds, Dies, press tools etc.			
	8.2	Jig & Fixtures – Machining / Assembly			
	8.3	Others			
9	Field Trials				
10	Other overheads (Salaries / Other Recurring Expenditures)				
11	Total Cost-Direct				
12	Indirect Costs				
	12.1	Factory Overheads			
	12.2	Contingencies Expenses			
	12.3	No of Team Members, Project duration, Team Member salary			
13	Total Project Cost
